

CAVAS VALMAR

Winery

SINCE 1983

Cavas Valmar was founded in 1983, using the first three letters of the founders' last names:

VALEntin and MARtain. Since then, it has stood out for producing wines for Mexico and the USA, with limited production, tradition, and recognized quality.

Cavas Valmar is a Mexican, family-owned company, being pioneers and an example of how to take advantage of the winemaking, gastronomic, and tourist potential of the different valleys in Baja California.

The wines are made with grapes from the valleys of San Vicente, Guadalupe, and Tecate, all in Baja California. The vineyards are 15, 30, and over 40 years old, using traditional Bordeaux-style winemaking, resulting in unique and different products every year.
