

SERES

Winery

SERES is more than just a wine; it is an ancestral elixir, infused with quartz, roses, and vibrational frequencies, crafted using ancestral methods, with minimal intervention and respecting the purity of its nature. It undergoes spontaneous fermentation with its native yeasts and organic practices in the vineyard. Free from synthetic additives and chemicals.

The vid is a medicinal plant that has accompanied humanity since its beginnings. In ancient civilizations, wine was used in sacred rituals as a gateway to the divine. Today, in a world where humanity lives in disconnection, SERES brings back ancestral wisdom. Creating with each sip a vibrational portal within you, awakening your original purpose: to SER a bridge between the earth and the cosmos, it invites you to activate your divine SER and connect from presence, joy, abundance, and love.

My mission is not just to create wine but to remember and activate the sacred purpose of the vine in human evolution.
